#7011

Ultra Fine Waterproof Finishing Kit

Every modeling project requires its own unique finishing process. The most complete assortment on the market. This is a must have for all serious modelers who demand quality!

The Ultra Fine Waterproof Finishing Kit conatins 320, 400, 600, 1000, 2000, 4000, 6000 & 12 000 grit sheets. It is washable, reusable and waterproof!

Size:
3.5" X 8"

Product Number:
#0110

Kit Contains: 1 sheet of each grit

Brush Duster

The Flex-I-file Brush Duster is extremely versatile and ideally suited for getting down into tiny panel lines.

The Brush Duster is perfect for all of those stubborn scribed lines that you had a hard time cleaning out before. The brush duster will also help keep your model projects clean from the dust that is always hazardous to a paint job.

This product is of high quality and is ideal for all of your special modeling projects. It is a must for all Precise Model Miniaturists!

Product Number:
#8050

Adhesive Back Hobby Film & Profiling Sticks

The Adhesive Backed abrasive makes it fun and easy to produce your own sanding tools! This kit contains 3 acrylic shapes, square, round and triangle, for polishing and sanding. The adhesive backing leaves no residue on your custom sanding tools and the abrasive is easy to remove and reapply elsewhere. This product is washable and reusable. Just peel and Stick!

The Adhesive Backed Hobby Film package contains 150, 320, 400, 600 & 1000 grit sheets providing a gradual progression from coarse to fine for superior results.

Size: 3" X 8"
Product Number: #0204
Kit Contains: 1 sheet of each grit

Scribe-N-Cut Folding Knife

The Scribe-N-Cut Folding Knife is a must for the vac-former and scratch building hobbyist. Scribe and cut styrene plastic with precise control. A tiny curl of material is removed with each stroke.

Hardened steel blade scores and cuts acrylic up to 1/4" thick. Swivel blade folds away safely for storage, yet stays in place when scoring. Simply score material and break along straight line.

Product Number:
#6087

Micro Fine Assorted Sanding Film

Micro Finishing at your fingertips! The finest polishing materials on the market, our sheets will really make your projects shine!

The Micro Fine Assorted Sanding Film package contains 15 000, 20 000, 30 000, 40 000 & 60 000 grit sheets cut into a 4" X 4" convient size. The kit allows for wet or dry sanding and it is also washable and reusable. Perfect for those delicate projects that require a superior polish.

Size: 4" X 4"
Product Number: #0202
Kit Contains: 1 sheet of each grit

1/8" Professional Hobby Sanding Files

Product Number:

- #0305 - Coarse 100/180 Grit
- #0306 - Medium 120/240 Grit
- #0307 - Fine 240/320 Grit

Size:

6 1/2" X 1/8"

1/8" (3mm) light weight multipurpose files. The size and hooked end design allows any hobbyist to get into tight spaces and helps sand delicate and obscure hobby pieces. Don't settle for poor quality ungraded off cuts for your projects, demand the best!

Available in Fine, Medium, and Coarse 12 packs. These files are highly durable and reusable. Files are 100% waterproof which is a great advantage since they can be used wet or dry. For optimal use and extended life clean files with our very own Abrasive Cleaning Disc.

Super Micro Tip Tweezers

These tweezers are ideal for that precise model miniaturist! Offered as a set of three, two sizes of straight and one unique curved design. Micro tip tweezers are a must for placing photo etched parts and delicate components on your project, when attention to detail counts!

Product Number:

#1200

One-Drop Applicator with 2 Tubes

One-Drop Applicator Bottle allows precise control of solvent cement and other water thin liquids.

Available with 1/2 oz. bottle, 25 and 27 gauge interchangeable steel tubes and protector cap.

Product Number:
#6003

One-Drop Applicator with Flex

One-Drop Applicator Bottles with flex all precise control of solvent cements and other water thin liquids.

Available with 1/2 oz. bottle and 20 gauge flexible poly tube for precise control of thin liquids into hard to reach places. Resists gumming, and the 20 gauge opening is larger than the 22ga. but smaller than the 16ga.

Product Number:
#6051

1/4" Professional Sanding Files

Product Number:

#0308 - Coarse 100/180 Grit
#0309 - Medium 120/240 Grit
#0310 - Fine 240/320 Grit

Size:

6 1/2" X 1/4"

1/4" (6mm) Specially manufactured for detailing plastic, resin, & wood hobby and craft projects. These files are light-weight, waterproof, washable, and reusable making these files a must have. Coated on a tough mylar backing, the abrasive will withstand bending and twisting without cracking or peeling. This product is especially designed for extensive use when leveling out vulnerable edges on any project!

Available in Fine, Medium, and Coarse 10 packs.

3/4" Professional Sanding Files

Product Number:

#0311 - Coarse 100/180 Grit

#0312 - Medium 120/240 Grit

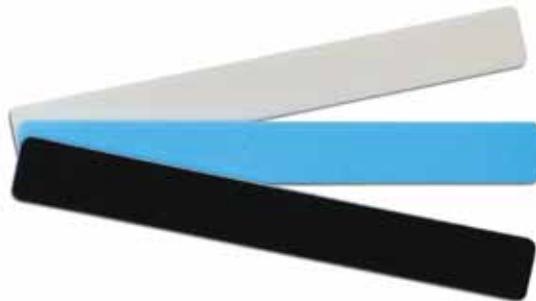

#0313 - Fine 240/320 Grit

Size:

6 1/2" X 3/4"

3/4" (20mm) ideal for working with thin and delicate polystyrene or resin parts these files give you plenty of feedback that prevents excessive material loss. The key to great results is using the proper progression of grits.

Always work from coarse to fine in order to remove any scratches, dents, or imperfections. Perfect for taming those rough joints and seams on your latest creation.

Available in Fine, Medium, and Coarse 3 packs. Light-weight cushioned construction gives you just the right amount of feedback when sanding. Achieve perfection everytime!

Plast-I-Weld

Water-clear plastic fusing adhesive. Dissolves a thin layer on the hobby surface to form a welded joint. The latest state-of-the-art approach to making fast, neat, positive and permanent bonds on ABS, Styrene, Butyrate and Acrylic plastics. Its unique "low surface tension" formula assures speedy absorption into the joint, resulting in tight, secure bonds. Now in Child Resistant CSA Approved containers!

Product Number:

#7112

Fill-N-Clean

Glue applicator plugged up? Here's the way to get it started again! The perfect accessory for your Touch-N-Flow. The base keeps it ready for instant use.

Available with white base, 1/2 oz. plastic bottle and 18 gauge blunt needle for filling.

Product Number:

#720

Touch-N-Flow System

Touch-N-Flow System is a 3-piece set including the popular Touch-N-Flow Applicator, applicator squeeze bottle, and Plast-I-Weld liquid solvent cement. Use the squeeze bottle to conveniently fill the Touch-N-Flow Applicator.

Product Number:
#7000

Touch-N-Flow Filler Bottle

Perfect for filling and emptying your Touch-N-Flow Applicator.

Available with 1/2 oz. bottle and 18 gauge stainless steel tube for filling.

Product Number:
#715

Plastic Sanding Needles

Product Number:
#0401 - Coarse 150 Grit
#0402 - Medium 240 Grit
#0403 - Fine 320 Grit

These Plastic Sanding Needles are coated with durable long lasting abrasive and are available in three grits. The unique design of the Plastic Sanding Needles allows you to detail any project that has small crevices. The pointed tip is specifically designed to sand and finish hard to reach areas and is perfect for minuscule and detailed projects.

Available in packages of 8, Plastic Sanding Needles are washable, reusable.

Tapered Hobby & Craft Files

New Shapes and Sizes!
Now Available in 4 Custom Sizes

Large - Larger radius ends for working on bigger projects. More abrasive surface for longer life.

Regular - Standard hobby file for all general purpose sanding and finishing.

Detail - When you need to reach into those tight spots the smaller radius and narrower taper does the job.

Mini - Now the fine work begins! What can we say? It's up to your imagination!

***Our regular, detail and mini tapered files are now available in our "Slimline" format making the files much thinner and easier to get into narrow grooves. Please inquire for more details.*

Touch-N-Flow Applicator

"Touch-N-Flow" is a light-weight, easy-to-handle applicator for liquid solvent cements. Save your brushes for painting; with the Touch-N-Flow. Join seams with a single continuous application, apply a micro-droplet with pin-point accuracy and reach into tight corners without runs or smears.

Touch-N-Flow holds plastic solvent cements ready for immediate use. Bottle remains closed and off the work bench thus eliminating evaporation and accidental spillage!

Product Number:
#711

C/A Applicator Tool

C/A Applicator Tools is a unique tool for applying Cyanoacrylate Cement in a special and unique way. Hold the C/A Applicator in one hand, and dip the tip into a small puddle of C/A Cement. The C/A Applicator will pick up a small amount of C/A Cement and apply it where you want it! You can wipe off the tip with a paper towel or a piece of cloth. A small amount of acetone will also help. If the C/A Applicator becomes clogged or has a build-up at the tip, a small hobby knife will remove it.

Product Number:
#805

Flex-Pad "Intro Set "

FLEX-PAD™ puts a "New Angle" on modeling with improved versatility and convenience! Made of flexible polyester abrasives, the padded support provides evenly distributed pressure over irregular surfaces without digging in or scratching.

Triple-Grit Polisher/Finisher cleans and polishes in 3 easy steps. Works well on most plastic, metal and painted surfaces.

Product Number:
#525

Flex-I-File "Starter Set"

Unlike Needle files, "Flex-i-File" automatically follows compound curves, contour changes, and fillets without leaving scratches or flat spots. This Starter Set is exactly what you need to get started on your hobby project.

Kit Contains:

- 6 Assorted Tapes
- 1 Aluminum Anodized Frame

Product Number:
#700

Flex-I-File "Combo Set"

"Flex-i-File" goes where other tools cannot. Cleans up edges of fine slots and works into tight corners and interior angles.

This Combo Set gives you everything that you would need to start and finish a project!

Kit Contains:

- 19 Assorted Tapes
- 1 Aluminum Anodized Frame

Product Number:
#123

Natural Garnet Wood Working Files

Garnet is a natural mineral obtained from Mother Nature and is known for its ability to produce the best quality wood finishes. This product is coated on a heavy mylar backing allowing for heavy sanding without breaking down or tearing.

When sanding and finishing soft balsa or exotic hardwoods, Alpha's garnet files are superior. Available grit combination 80/180. Large tapered shape gives more sanding area and longer life.

Package Contains:

2 - 80/180 Files Heavy Duty

Item Number:

#1150

Micro Fine Tapered Files

Made with the same abrasives as our Micro Fine Waterproof Sheets, these micro fine files bring a new dimension to surface preparation. Use these files to prepare surfaces before painting or to remove orange peel from a painted surface. The cushioned foam design conforms to curved surfaces allowing you to get into hard to reach areas.

Micro Fine Assorted Pack #1151
contains 1 of each grit

- 1000 grit - 2 pack #1152
- 2000 grit - 2 pack #1153
- 4000 grit - 2 pack #1154
- 6000 grit - 2 pack #1155
- 12,000 grit - 2 pack #1156

Product Number:
#0904

Micro Finishing Cloth Abrasive Sheets

Newly designed and formulated Micro Cloth Finishing System from Alpha Abrasives! The 3" X 4" sheet size provides a large working surface and extended product life. Our formulation gives superior water resistance, softer cushion coating and greater flexibility. Colour coded back print makes easy grit identification possible, now you know exactly which grit you are using!

Micro Finishing Cloth can be used wet or dry, for best results a light mist of water containing a drop of dish detergent for lubrication is recommended. Kit includes a double density 2" X 3" foam back up pad for superior results. Ideal for removing "orange peel" from painted surfaces, polishing metal, wood and plastic projects.

Kit Contains: 1 of each Grit
3200, 3600, 4000, 6000, 8000 & 12 000

Product Number:
#2050

Micro Finishing Cloth Abrasive Pads

Double sided abrasive laminated to a resilient foam core conforms easily to curved surfaces. Convenient 2" x 2" size pads are printed with the grit number for easy identification and are reusable. When used dry, mirco cloth outlasts common abrasives up to 7 times, when used wet up to 10 times.

Micro finishing products are not intended for heavy removal, rather, to help obtain a professional final finish. When more aggressive sanding is required to remove scratches and defects, Professional Sanding Film P/N 0201 is recommended before the mirco finishing cloth process. Sanding blocks are not required when using our extra flexible Mirco Cloth Pads.

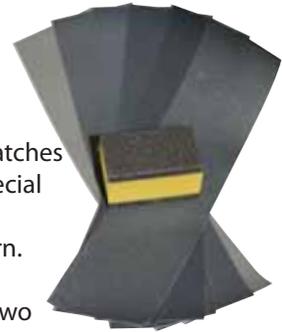

Kit Contains: 1 of each Grit
3200, 3600, 4000, 6000, 8000 & 12 000

Product Number:
#2000

Micro Finishing Cloth Abrasive Strips w/ Foam Block

This is the perfect system for serious polishing. Our unique 2" X 8" product is especially suited for polishing plastic surfaces. Unlike common abrasives, Micro Cloth produces a fine even scratch pattern without creating deep uneven scratches which are difficult to remove. Micro Cloth is made with a special cushion layer that allows the abrasive crystals to float, allowing abrasives to produce a finer more consistent pattern.

Kit includes our unique foam sanding block. This block has two different density foams laminated to a resilient foam core. For curved and delicate areas, use the soft foam side. For areas that require more aggressive action, select the medium density side. This product can be used wet or dry on plastic, wood, metal and resin projects.

Kit Contains:

- 2" X 8" Cloth Abrasive 3200, 3600, 4000, 6000, 8000 & 12 000 Grit
- Foam Block

Item Number:
#3000

Foam Block

This custom foam block is ideal when working with Micro Cloth. Cloth easily conforms around the block to create the perfect finishing tool. Using the block will produce outstanding results and extend the working life of the Micro Cloth.

Two foam densities on one block. Soft for delectate projects, medium for flat and tougher to finish areas. The foam core makes it easy to hold when used for wet or dry sanding.

Item Number:
#3050
