

MP 17 LOCO CYLINDERS, BAGNALL TYPE

Contains:- 2 x cylinders mounted on a valve/steam chest.

MP 21 HUNSLET 'ALICE' CLASS QUARRY LOCO PARTS

Pack contains parts and fittings to aid the hand building of open cab Welsh quarry locos. Includes:- Smoke-box, saddle tank, firebox with backhead detail, chimney, safety valve, screw brake, reversing lever and tank filler.

MP 22 HUNSLET LOCOMOTIVE 'LILA' FITTINGS SET

Pack contains:- Firebox with back-head detail, safety valve, dome and chimney. Also includes left and right sand boxes for 'Linda' and 'Blanch'.

MP 23 LOCOMOTIVE LEAF SPRINGS

Pack contains:- 4 x lost-wax brass leaf springs, scaled for Hunslet 'Alice' class. Useful for many other loco types.

OUTSIDE FRAME CRANKS

A range of 'fly' cranks of differing styles in lost-wax brass. Cast with integrally mounted crank pins, each type has been designed to fit 1.5mm axles although reaming out will be required to achieve an accurate fit. Can also be used in conjunction with wheel inserts MP40 & MP 60 to convert Bachmann 'N' scale chassis to outside frames or in a variety of applications.
