Pack contains:-Two Wakefield mechanical lubricators in lost-wax brass

WHEEL INSERTS FOR OUTSIDE FRAME CONVERSION

Precision turned brass wheel inserts, with intergal stub axles of 1.5mm are designed to be used in conjunction with our lost-wax brass 'fly' cranks (MP 24). These are designed to fit and to assist the conversion of the most popular Bachmann 'N' scale chassis to outside frames.

MP 40 WHEEL INSERTS (BACHMANN 0-4-0) Pack of 4

MP 60 WHEEL INSERTS (BACHMANN 0-6-0) Pack of 6
