

This ingenious range of products makes track assembly easy

SE 1009 (22)	Crossing construction jig 9°
SE1010 (22)	Crossing construction jig 10°
SE1012 (22)	Crossing construction jig 12°
	These are a series of jigs set at 9°, 10° and 12° crossing angles. They are made of ceramic material with metal inserts and are suitable for code 70 or 75 rail and any gauge. (See diagram)

14mm gauge self adhesive laser printed paper templates.	
Oe 14 1004 (2)	Self adhesive template : Turnouts 12° - 40cm (R + L)
Oe 14 1005 (2)	Self adhesive template : Turnouts 12° - 50cm (R + L)
Oe 14 2001 (2)	Self adhesive template : 5 x straight lengths
Oe 14 2004 (2)	Self adhesive template : 5 x curved track 40cm radius
Oe 14 2005 (2)	Self adhesive template : 5 x curved track 50cm radius
Oe 14 2007 (2)	Self adhesive template : 5 x curved track 75cm radius
Oe 14 2010 (2)	Self adhesive template : 5 x curved track 100cm radius

Oe 14 5001 (G)	Sleepers for five lengths of straight or curved track (14mm gauge)
Oe 14 5004 (G)	Sleepers for two turnouts 12° - 40cm radius (14mm gauge)
Oe 14 5005 (G)	Sleepers for two turnouts 12° - 50cm radius (14mm gauge)
	These are pre-cut sleeper packs for use with the templates.

Oe 14 6005 (4)	Two white metal track gauges for 14mm gauge track
----------------	---

16.5mm gauge self adhesive laser printed paper templates.	
Oe 16.5 1004 (2)	Self adhesive template : Turnouts 12° - 40cm (R + L)
Oe 16.5 1005 (2)	Self adhesive template : Turnouts 12° - 50cm (R + L)
Oe 16.5 1006 (2)	Self adhesive template : Turnouts 10° - 50cm (R + L)
Oe 16.5 2001 (2)	Self adhesive template : 5 x straight lengths
Oe 16.5 2004 (2)	Self adhesive template : 5 x curved track 40cm radius
Oe 16.5 2005 (2)	Self adhesive template : 5 x curved track 50cm radius
Oe 16.5 2007 (2)	Self adhesive template : 5 x curved track 75cm radius
Oe 16.5 2010 (2)	Self adhesive template : 5 x curved track 100cm radius

Oe 16.5 5001 (G)	Sleepers for five lengths of straight or curved track (16.5mm g.)
Oe 16.5 5004 (G)	Sleepers for two turnouts 12° - 40cm radius (16.5mm gauge)
Oe 16.5 5005 (G)	Sleepers for two turnouts 12° - 50cm radius (16.5mm gauge)
Oe 16.5 5006 (G)	Sleepers for two turnouts 10° - 50cm radius (16.5mm gauge)
	These are pre-cut sleeper packs for use with the templates.

See the TRACK & SCENICS section for other track making parts
